

## 2022 UKA LICENCE STANDARDS for ROAD and MULTI-TERRAIN EVENTS

In order to obtain a UK Athletics (UKA) Race Licence, Organisers of races must agree that their event will comply with the following standards. Events will be checked by an Event Adjudicator to ensure that standards as set out below are being applied. **Failure by a race organiser to comply with these standards may result in the refusal of future licence applications and the subsequent loss of UKA public liability insurance cover.**

This Licence does not apply to Trail, Fell, Ultra, Cross Country or any Triathlon/Duathlon event or adventure race.

Planning Consents	
1	<p>a) UKA and IPC Rules will be applied, they can be downloaded from:  <a href="http://www.uka.org.uk/competitions/rules/">http://www.uka.org.uk/competitions/rules/</a>  <a href="http://www.paralympic.org/athletics/rules-and-regulations/rules">http://www.paralympic.org/athletics/rules-and-regulations/rules</a></p> <p>b) A copy of the UKA Rules for Competition will be available on race day (hard copy or electronic).</p>
2	<p>a) The Landowner, Local Authority, 'Safety Advisory Group', [SAG] (or similar body), will be consulted with regard to the course and safety matters and all necessary consents will be obtained.</p> <p>b) If required, the Local Authority, "SAG" (or similar body), will be provided with all relevant information relating to the event.</p> <p>c) A Temporary Traffic Regulation Order (TTRO) will be applied for if the event is staged on the Public Highway and is subject to any closures and or placing of equipment (cones, barriers, stop/go boards etc) on the highway. A TTRO will not be required if the highways authority have confirmed they have no objections to the event being staged without closures etc. on the open highway in accordance with the Highway Code.</p>
3	<p>Observations made by the 'Safety Advisory Group' (or similar body), Highways Authority, Police and emergency services with regard to the course or other aspects of the event will be carefully considered and, if not adopted, will be drawn to the attention of the relevant Home Country Governing Body at the time of this Licence application.</p> <p>Race Organisers in Northern Ireland must complete an 11/1 form and submit this to the Police/Parades Commission as Notice of intention to organise a public procession.</p>
4	<p>Possible inconvenience to residents and other members of the public has been considered and minimised where reasonably possible.</p>
5	<p>The venue for the <u>start and finish</u> will be <u>free from moving traffic</u> and be able to cope with expected numbers and conditions and that the course is adequate for the type of event being staged. Consideration will be given to participation of disabled participants (including those with physical, sensory and intellectual impairments) and any necessary reasonable adjustments that may need to be made to enable them to take part.</p>
The Course	
6	<p>The course route and marshalling arrangements will be suitable for the size of the field.</p>
7	<p>a) For road races, if an exact distance has been advertised, the course must be measured by a member of AUKCM (Association of United Kingdom Course Measurers) or IAAF for international races. After course measurement the relevant body will issue a course measurement certificate. <b>A <u>measurement</u> remains valid for 10 years if the course remains unchanged. The course measurement <u>certificate</u> is only valid for one year and must be renewed annually.</b></p> <p>b) Course measurement details should be submitted as part of the licence process and in Scotland a copy of the certificate must also be submitted to scottishathletics at the time of application.</p> <p>c) The certificate will be available for inspection on race day and the race organiser shall verify that the course route will be laid out on race day in strict accordance with the measurement record. (If the course as measured can't be undertaken as per certificate then the promoter will notify UKA, the relevant Home Country Governing Body, the competitors and Event Adjudicator and the results will not be validated for ranking purposes.</p> <p>d) Please note that where a course has not been officially measured it can still be licenced but will be denoted in England/Wales as "Unmeasured Road" and in the scottishathletics event calendar as 'Not Officially Measured' (NOM), and recorded for ranking purposes post-event as not officially measured.</p>

8	The course will be signed, taped and marshalled, where appropriate, with all turnings clearly indicated, to ensure runners keep to the approved route. Where possible, runners should be kept to the left-hand side of the highway.
9	Adults (18+ in England/Wales; 16+ Northern Ireland/Scotland) will marshal all participants, any relevant road intersections, major junctions and changes of course direction as agreed after consultation with the Local Authority, "SAG" (or similar body)', Highways Authority and Police.  Note: Race marshals do not have legal authority to direct or to stop traffic unless accredited under the Police Reform Act 2002 and authorised by a formal road closure.
10	Marshals will be fully briefed before the start of the event. They will receive written instructions as to their role, position, emergency procedures and race information.  Where marshals cannot read in English, appropriate adjustments must be taken to ensure the marshal(s) fully understand their role and emergency procedures.
11	All course marshals will wear distinctive tabards/bibs/tops (this includes start/finish areas and is applicable on both closed and open road events).
12	There will be a conspicuous vehicle (bicycle acceptable) and/or marshal preceding the field.
13	There will be a sweep vehicle following the field. Where access does not allow for a vehicle, then a bicycle or runner is acceptable.
14	Marshals will remain on course until released by the sweep vehicle, chief marshal or event control.
15	The course will be cleared of race signs, debris, etc. as soon as reasonably practicable.
<b>Medical Support</b>	
16	The First Aid and or medical cover for the event will meet the requirements of the recommended minimum standards contained in the Good Practice Guide for the Provision of First Aid & Medical Services at UK Athletics Licensed Road Races. The race organiser is required to provide details and justification for any departures from the recommended minimum standards.  A link to the UKA Road Race Medical Guidelines can be found in the "Useful Downloads" section within the Race Directors Club at <a href="http://www.runbritain.com">www.runbritain.com</a>  Access/Egress to the venue must be identified. Communications between the organiser and medical provider must be agreed and shared. The number and types of vehicle to access casualties from all parts of the course must be agreed.  A Medical Risk Assessment will be undertaken and <b>must</b> be made available for inspection before or post-race by the Event Adjudicator/Event Support Officer, BARR Scrutineer, UKA or the relevant Home Country Governing Body upon request.
17	The race organiser is required to provide evidence of the confirmation from the medical provider that medical cover is in place to UK Athletics (England/Wales) and Athletics Northern Ireland/ scottishathletics as well as local authority/landowner/Event Adjudicator/Event Support Officer on request.
18	a) A Medical Information Template will be printed on the reverse of the runner's race bib to gather emergency contact details, medication and/or any medical information. b) At declarations, or within final Instructions communicated to participants, Event Organisers will request all competitors to complete the template.
<b>Drinks Stations</b>	
19	As required under UKA Rule T55 S2 - Drinks Stations will be provided on the course for the duration of the event, being in accordance with UKA Rules. For events of 10km or greater, drink stations will be provided at intervals of approximately 5 km. For races up to 10k it is recommended that no water on the course is provided and it is only provided at the finish.  <b>Races held under Covid-19 restrictions</b>  It is recommended that there would be one water station for races of 10 mile and half marathon and two water stations for a marathon with any additions to this level of provision left to the race organiser's discretion based on a Risk Assessment.  Organisers should only provide water in sealed plastic bottles on a self-help basis.  Athletes should come to the race hydrated and bring their own water for before, during and after the race.

41	<p>A road, ultra or multi-terrain race licence application may not be accepted by UK Athletics, due to previous actions of a race organiser which are deemed unacceptable, or where UKA has concerns of any nature regarding the grant of the licence.</p>
42	<p>UKA shall be under no obligation whatsoever to approve an application and grant a licence if an application is made and is received for consideration.</p>
43	<p>The following are examples of behaviour which UK Athletics treats as unacceptable, although you should note that what may amount to unacceptable actions (which can include a failure to act) will be determined at the sole and unfettered discretion of UK Athletics. If UK Athletics has any concern as to any such behaviour, UK Athletics shall be entitled to reject the race licence application submitted by that race organiser.</p> <p>You should note that this list is not exhaustive. Examples include:-</p> <ul style="list-style-type: none"> <li>• being abusive to UKA personnel or representatives of one of the four National Associations: Athletics Northern Ireland, England Athletics, Scottish Athletics and Welsh Athletics;</li> </ul>

	<ul style="list-style-type: none"> <li>• deliberately publishing misleading information for previous events;</li> <li>• cancelling an event and not offering refund/deferral to entrants; and</li> <li>• any other reason (without limitation) whether amounting to action, inaction or any concern generally as to the applicant or application</li> </ul>
<b>44</b>	Should UKA refuse to accept a licence whether due to previous actions of the race organiser, UKA shall be under no obligation to provide written reasons for refusal.
<b>45</b>	The approval of a licence application on any one occasion shall not create a precedent or create any expectation that an application may be approved in future.
<b>46</b>	A licence granted may be revoked or suspended at any time if UKA has any concern as to the staging of the race or any matter connected to the race, if the applicant has not satisfied UKA as to any concern(s) that UKA has in relation to the same.
